Jan and Dean's Beach Party!
at the Lobero Theatre
Friday, September 10th at 7:30 PM

Santa Barbara, CA, August 19, 2021 – Long Man Productions presents *Jan and Dean's Beach Party!* featuring Dean Torrence. Jan & Dean's run in the 1960s boasts an impressive 14 gold records. Their biggest hit "Surf City," co-written by Jan & Dean and Beach Boys founder Brian Wilson, was the first "surf" record to reach #1 in the U.S. Reformed in the 1980s after a successful summer tour with The Beach Boys, Jan & Dean toured the world until Jan Berry's untimely death in 2004. Carrying on with their legacy is Dean Torrence of Jan & Dean.

Jan & Dean's Beach Party! features the greatest hits of two classic California groups, Jan & Dean and The Beach Boys. You will hear such hits as, "Barbara Ann," "The Little Old Lady From Pasadena," "Dead Man's Curve," "Sidewalk Surfin'," "Ride The Wild Surf," "California Girls," "Good Vibrations," "I Get Around," and "Fun, Fun, Fun." "When you look at the history of surf music, clearly Dick Dale paved the way and The Beach Boys made it a nationwide phenomenon, but it was Jan & Dean that ignited the torch when they released 'Surf City' and it bolted to #1. It is a great honor to produce a concert for the torchbearers," said the show's producer, Erik Long.

Current and former singers and players of the Brian Wilson band and The Beach Boys round out the touring personnel for The Jan & Dean Show, including Chris Farmer (The Beach Boys, Mike Love and the California Beach Band, Jan & Dean). "We've performed at the Santa Barbara County Bowl, but never at the Lobero Theatre. I've read that it is the oldest theater in California with a stunningly beautiful interior. I look forward to seeing everyone at the concert. It's going to be a really fun night!" said Dean.

Tickets for *Jan and Dean's Beach Party!* are on sale now at Lobero.org and at the Lobero Box Office 805.963.0761. \$62 Section A, \$52 Section B. Reserved seating. Ticket prices include a per ticket Lobero Facility Fee; other fees may also apply.
